Oracle, NoSQL (Mongo DB), MySQL, Oracle PL/SQL

Virtual Machines:

Hyper-V, VM-Ware, VBox

Computer Hardware:

Server Hardware, RAID Configs, Drive, CPU, PSU, Motherboards, NVME/SDD's ,NIC Installations, Network Cable Termination (Crossover and Straight Threw) Installed Rack Mounded Servers 1 & 2U's, Rail Kits. SAN/NAS, BIOS Setups, Rollbacks and Upgrades. knowledge of redundancy for availability.

EXPERIENCE

Phil's Independent Grocer, Loblaw's
Grocery Store Associate

Virgil, Ontario
Oct 2024 - Present

- Supervised warehouse operations, ensuring accurate inventory control and timely stock replenishment.
- Monitored and organized overstock, optimizing space utilization and reducing retrieval time.
- Assisted customers in locating products, improving satisfaction and shopping efficiency.
- Maintained a clean and organized store environment, supporting safety and a positive customer experience
- Operations with Pumptucks and Power Stacker to store products and stack skids. (Stacker Certified)
- Operated handheld scanners to track products, ensuring accuracy in inventory records and order processing using the SAP program.

Pro Battery Shops
Customer Service & Warehouse Associate
<https://probatteryshops.com/>

Fonthill, Ontario
Feb 2024 - Present

Locally owned family business founded in 2015, proudly serving the Niagara Region with over 30 years of battery industry expertise.

- Built and customized gauged wiring solutions to meet individual customer requirements.
- Oversaw warehouse operations using Sage software, maintaining accurate stock levels and inventory records.
- Picked, packed, and received orders, ensuring efficient and accurate product handling.
- Assisted customers at the front desk, diagnosing battery needs and providing tailored recommendations.

Niagara RC World & Hobbies
Volunteer / Technical Experience

St Catharines, Ontario
Oct 2023 - Jan 2025

Hobby Store

- Maintained clean, organized, and operational facilities to support program needs.
- Supported smooth-running events by assisting with planning, logistics, and on-site organization.
- Applied strong interpersonal communication skills to convey information clearly and effectively.
- Assisted with special events and community programs, contributing to positive participant experiences.
- Troubleshoot and completed soldering tasks involving various electronic components.
- Installed and configured security systems (Lorex), including camera setup and monitoring functions.
- Performed network configuration (router and modem setup, SSIDs, passwords, and wired connections) to ensure stable connectivity.

ACTIVITIES AND AWARDS

Niagara Region
Niagara Peninsula Energy Award

Jun 2024

Recipient of Bursary Award for Academic Excellence in Computer Science & Computer Engineering, recognized under the *Specialist High Skills Major* program for maintaining a 90+ average.

WORK AUTHORIZATION

- Full-Time Student — *Software Development & Network Engineering, Sheridan College*
- Born Canadian Citizen (PR)
